

Technical Skills:

Languages: JavaScript, Basic Python.

IT Constructs: Data Structures And Algorithms, OS, DBMS.

Web Development: CSS, Async JS, APIs, Node.js, REST APIs, CRUD Operations, User Authentication and Authorisation, Git & Version Control, DOM Manipulation.

WebDev Tools: VSCode, Chrome DevTools, Github, Figma, Vercel.

FrameWorks: Tailwind CSS, React.js, Next.js.

Database: MongoDB.

Work Experience:

Frontend Developer at Cognifyz Technologies (Virtual Internship)

Jan 25 - Feb 25

Web Developer at Prodigy Infotech (Virtual Internship)

Feb 25 - march 25

Personal Projects:

MarketPulse - Stock Tracker app | Next.js, TypeScript, TailwindCSS, MongoDB, Inngest, Better Auth
Developed an **AI-powered stock market web app** that tracks **real-time prices**, provides **company insights**, and allows users to manage **personalized watchlists**.

Integrated **secure authentication** using **Better Auth** and **automated alert workflows** with Inngest. Designed a **responsive and visually consistent UI** using TailwindCSS and Shadcn components for **seamless user experience**.

AI Resume Analyzer | React, TypeScript, TailwindCSS, Puter.js, Zustand, Vite

Built an **AI-powered resume analysis tool** that evaluates resumes, generates **ATS scores**, and provides **custom job-matching feedback** using integrated AI models.

Implemented **browser-based authentication and file storage** with Puter.js, eliminating the need for a backend.

Designed a **modern, responsive UI** with reusable components using TailwindCSS and Zustand for smooth state management.

Extra-curricular & Certifications:

AWS APAC Solutions Architecture virtual experience program on Forage - October 2025

Completed an AWS Solution Architect job simulation; designed a scalable Elastic Beanstalk-based hosting architecture and clearly explained cost and functionality to the client.

Datacom Software Development Job Simulation on Forage - July 2025

Completed a simulation focussed on how the software development team at Datacom approaches their work ; Reviewed a web application and planned for future improvements.

Identified the root cause of bugs and implemented a fix to improve the application.

Educations:

Bachelor of Computer Applications (BCA) (6.81/10 CGPA) (2021-2024)
Yashwantrao Chavan Maharashtra Open University / Chandrabhan Sharma College Powai Vihar, Mumbai

Higher Secondary Education (12th Grade) — I.D.U.B.S Junior College, Mumbai (2021)

Stream: Commerce

Secured: 74.50%
